The drawings, photos and graphics used are for illustrative purposes only.

Functions

- Dosing
- Percent Weighing
- Parts counting
- Formulation
- Replaceable unit
- ALIBI Memory

Overview

HX7 HR scale's multi functions The HX7 HR scale is a device comprised of AISI 304 (IP 66 / 67 / 69) stainless steel terminal the PUE HX7, and AISI 316 stainless steel weighing platform. The HX7 HR has been designed to operate in challenging conditions, even in places where the platform is exposed to acids.

Display

The 7" colour graphic display and the diode bar graph, which signals current net weight of a load in reference

to the scale range or declared min, max thresholds, boost comfort especially in case of piecework where fast and precise presentation of product mass deviation is required with regard to the limit values.

Hermetic communication interfaces Housing back is equipped with hermetic communication interfaces such as RS232, RS485, USB, Ethernet, at your disposal there are also digital inputs/outputs and analogue output. This enables cooperation with external devices such as barcode scanners, printers, external displays, control buttons, light signalling towers, other controlling/signalling devices, systems for automatic process control and superior IT systems.

With use of the bracket you can either place the terminal at any flat horizontal surface, or fix it to the wall adjusting the tilt respectively to suit your needs.

Software The terminal's software allows carrying out processes such as weighing, parts counting, dosing, labelling, formulations and percent weighing. Terminal’s system of information is based on databases (users, products, weighings, packaging, formulations, customers) and ALIBI memory which guarantees stored data safety.

Additional fee for verification

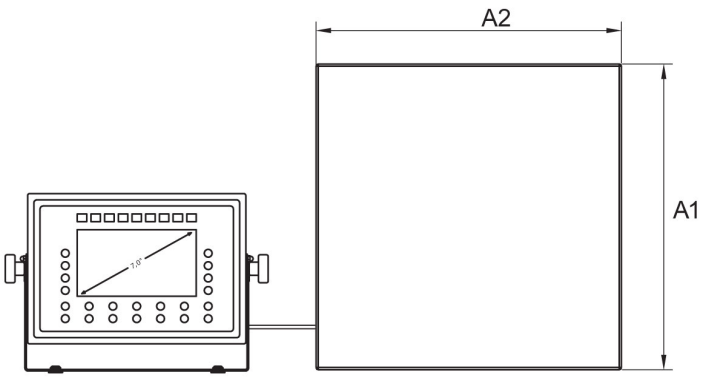

Compatible with (Additional Fee)

AP2-4 Current Loop Unit
RS 232 cables (scale - printer)
Roller Table
Transponder card readers
RS 232 cables (scale - ZEBRA printer)
Antivibration Tables
Displays
Power Adapters
RS 232, RS 485 cables
USB cable (scale - printer)
IN/OUT Cables
Barcode scanners
Label Printers
Stands, wall mounting kits and mounting brackets
Keypad, external switches
USB adatper
Receipt Printer
Additional Weighing platforms Module
RS 232 – USB Converter
Additional modules

Software (Additional Fee)

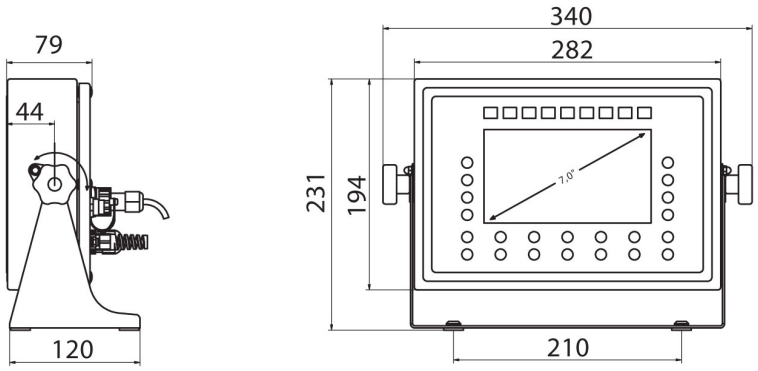

• E2R Weighing [WX-010-0099]
• Label Editor R02 [WX-010-0094]
• R-Lab [WX-010-0080]
• RADWAG Development Studio [WX-010-0104]
• RAD Key [WX-010-0005]
• Alibi Reader [WX-010-0114]
• Scale Editor 2.1 [WX-010-0173]

Device dimensions W x D x H

	A1	A2	B
HX7.HR2	250	300	103±3
HX7.HR3	410	410	98±2
HX7.HR4	500	500	155±5
HX7.HR3/5	400	600	155±5
HX7.HR5	600	600	155±5
