The drawings, photos and graphics used are for illustrative purposes only.

Overview

The module allows the connection of a load cell platform to the PUE CY10 head.

Expand the capabilities of your terminal Enhance the functionality of your weighing system with the AWM-1 module from RADWAG, a leader in precision weighing innovations. This advanced module allows for the easy and convenient connection of an additional weighing platform to your terminal, enabling more comprehensive analysis and faster data processing.

Two such modules can be installed in the PUE CY10: a basic module and an additional one. The basic module will be installed in every PUE CY10, and the additional one will be installed as an option.

Compatible with (Additional Fee)

CY10 Scales for PGC
PUE CY10 Weighing Terminal
CY10 Multifunctional Scale
CY10 Precision Balance
