

## Under-hook weighing rack for XA balances

WX-002-0003

The drawings, photos and graphics used are for illustrative purposes only.

## **Overview**

A rack for under-hook weighing intended for balances XA.

The rack is designed for weighing loads requiring carrying out the measuring process outside the main weighing platform, e.g. loads with non-standard dimensions and sizes and those generating a magnetic field. The rack also facilitates determining density of loads.

The rack is available in powder coated mild steel finishing.
