# Brush D20 x L110 mm

OA-505-0003

The drawings, photos and graphics used are for illustrative purposes only.

## Datasheet

### Physical parameters

Diameter	20 mm
Length	110 mm

## Compatible with (Additional Fee)

E1 Mass Standard - knob weights, sets (1 mg - 10 kg)  
 F1 Mass Standard - stainless steel wires  
 F2 Mass Standard - rectangular  
 F1 Mass Standard - knob weights with adjustment chamber, sets  
 F1 Mass Standard - knob weights without adjustment chamber  
 F2 Mass Standard - cylindrical weights with eyebolt  
 F2 Mass Standard - cylindrical weights with 4 stood bolts  
 F2 Mass Standard - stainless steel wires

F1 Mass Standard - flat polygonal sheets  
 E1 Mass Standard - stainless steel wires, sets (1 mg - 500 mg)  
 F1 Mass Standard - cylindrical weights  
 M1 Mass Standard - knob weights  
 M1 Mass Standard - rectangular  
 F1 Mass Standard - cylindrical weights with eyebolt  
 E2 Mass Standard - stainless steel wires, sets (1 mg - 500 mg)  
 E2 Mass Standard - flat polygonal sheets  
 F1 Mass Standard - flat polygonal sheets, sets  
 M1 Mass Standard -

F2 Mass Standard -  
Carrier weights  
F1 Mass Standard -  
cylindrical weights with 4 stood bolts  
E2 Mass Standard -  
stainless steel wires  
E2 Mass Standard -  
knob weights, sets (1 mg - 10 kg)  
F2 Mass Standard -  
knob weights with adjustment chamber, sets  
E2 Mass Standard -  
cylindrical weights, sets (1 g - 10 kg)  
F2 Mass Standard -  
Slotted weights  
M1 Mass Standard - flat polygonal sheets  
E1 Mass Standard -  
knob weights  
F2 Mass Standard - flat polygonal sheets  
M1 Mass Standard -  
knob weights, sets  
F1 Mass Standard -  
nob weights without adjustment chamber, set  
F1 Mass Standard -  
block weights round  
E2 Mass Standard -  
knob weights  
F1 Mass Standard -  
knob weights with adjustment chamber

rectangular with adjustment chamber  
M1 Mass Standard -  
cylindrical weights with eyebolt  
F1 Mass Standard -  
rectangular  
E1 Mass Standard -  
stainless steel wires  
F2 Mass Standard -  
block weights round  
F2 Mass Standard -  
knob weights with adjustment chamber  
F2 Mass Standard - flat polygonal sheets, sets  
E1 Mass Standard - flat polygonal sheets  
M1 Mass Standard -  
rolling weights with adjustment chamber  
E2 Mass Standard - flat polygonal sheets, sets (1 mg - 500 mg)  
E1 Mass Standard - flat polygonal sheets, sets (1 mg - 500 mg)  
F2 Mass Standard -  
Stainless steel wires, sets  
F1 Mass Standard -  
stainless steel wires, sets  
M1 Mass Standard - flat polygonal sheets, sets
