Under-pan Weighing Rack for AS and PS Balances

WX-002-0111

The drawings, photos and graphics used are for illustrative purposes only.

Overview

A rack for under-pan weighing intended for AS and PS balances.

The rack is designed for weighing loads requiring carrying out the measuring process outside the main weighing platform, e.g. loads with non-standard dimensions and sizes and those generating a magnetic field.

The rack also facilitates determining density of loads.

The rack is available in powder coated mild steel finishing.
