LICENSE TERMS
FREE SOFTWARE

1. The subject of the license is the right to **use the free software.**

2. RADWAG Balances and Scales is the **MANUFACTURER** of the software. The individual or legal entity making use of the purchased program shall mean the **LICENSEE**.

3. By purchasing the program, the LICENSEE acquires copy of the software and annexed documentation. **The copyrights shall be owned by the manufacturer.**

4. The LICENSEE has the right to install and use the software on his computer in accordance with the software's specification.

5. The Licensee **will not modify, distribute, sell, license or sublicense let, trade or expose for sale** the software and attached documentation to a third party.

6. Any breaching of the abovementioned conditions leads to **the loss of the license rights** and may cause legal consequences.

7. The content of the user's manual **shall not form the ground to lay any claims** against the licensor.

8. The manufacturer **shall bear no responsibility for any direct or indirect damages** resulting from the inappropriate use of the software.

9. The manufacturer **does not provide charge-free** technical assistance or any kind of support with regard to freeware.

IMPORTANT: Before installation and use of RADWAG's Balances and Scales software, it is advisable to carefully read the license conditions. The Licensee accepts the conditions of the license from the moment of installation, copying or use of the software. The Licensee (individual or legal entity) confirms that he has read and understands hereby conditions and he acknowledges that they are legally bounding. In the event of no consent for all and any conditions, this software shall not be installed, used or copied.
